

I believe that the three biggest challenges facing the City today are as follows:

- ☆ **School Redistricting.** We would all like to see the best possible opportunities offered for all of our children. This is a massively important issue that needs to be open to debate and public comment before being decided. All issues and all perspectives need to be discussed before a decision is made that will effect the next generation of school children.
- ☆ **Strengthen Town/Gown Relations.** Balancing the relationship and needs of the full-time residents and those of the part-time residences who utilize the infrastructure of the City. I understand that this is not a new challenge, but I believe that I can help to implement a new approach to town/gown relations, that will work to the benefit of all residents.
- ☆ **Library Resources.** Fletcher Free Library, like many public libraries around the country is continually striving to obtain more resources, including constant fundraising. The library as a cornerstone of the community should receive the highest levels of funding priority in order to ensure a prosperous future.

I look forward to discussing the issues with you soon. Please feel free to contact me at:

ED ADRIAN

INDEPENDENT THINKER,
DEDICATED PUBLIC SERVANT

**DEMOCRAT
FOR
CITY COUNCIL**

Dear Ward One Neighbor:

Education & Family

- ☆ My first political campaign was waged as a high school senior when I ran for the board of education with the campaign slogan - "Ed for Ed."
- ☆ I graduated from UVM in the spring of 1992 with a double major in Political Science and Philosophy and a minor in Environmental Studies.
- ☆ Graduated from Vermont Law School in 1996 with a J.D. and a Masters of Studies in Environmental Law and Policy.
- ☆ Currently, my wife Jen, my four-year old daughter Elsa, my one-year old son Henry and our chocolate lab Averill allow me to continue living with them at our residence on S. Williams Street where we have been since July, 1999.

Career

- ☆ My entire professional career has been spent dedicated to public service. In 1997, I started as a Deputy State's Attorney in Franklin County allowing me to work directly with those community agencies that serve as the final safety net for some of the most disadvantaged among us, including the local and state police, social services and corrections.
- ☆ In 2001 I started working for a mid-sized law firm in Burlington. I represented towns and schools and the entities thereof in local, administrative, state and federal forums. I gained a depth of understanding of the hurdles and challenges faced by the administrations of these important public institutions, including the constant struggle to equitably distribute limited resources, to an ever growing list of mandated and needed services.
- ☆ I am presently employed as a State Prosecuting Attorney for the Secretary of State's Office in Montpelier. My office protects the public by enforcing professional standards. I present cases before a variety of professional boards, representing a panoply of different interests.

- ☆ Taught American Politics and Government from 2002-2006 at CCV's Burlington site.

Leadership & Membership

- ☆ 2006-Present Secretary of the Burlington Democratic Committee.
- ☆ 2002-Present Board of the Vermont Bar Association.
- ☆ 1999-2006 Board of The Young Lawyer's Division of the Vermont Bar Association (YLD). Throughout my tenure the YLD has been active in supporting scholarships, school debate and has provided legal service and outreach.
- ☆ 2004-2006 District Representative for Maine and Vermont for the Young Lawyer's Division of the American Bar Association.
- ☆ Long time member and supporter of Planned Parenthood, the American Civil Liberties Union, the National Wildlife Federation, Americans United and the Nature Conservancy, among others.
- ☆ 2001-2003 Board of the Central Vermont Chapter of Trout Unlimited.
